Minimalist Index Certificate - 16.12.24

UMANA
Footwear Analysis Biomechanical Center

CERTIFIES
that the FOOTWEAR

VICTORIA - OLMO BAREFOOT (SOLE 1186)

has a minimalist index of
92,1%

and obtains a cataloging of
RESPECTFUL : BAREFOOT FOOTWEAR

taking into account all the parameters involved (specified in the technical annex).

UMANA guarantees the accuracy and objectivity of the tests in the laboratory, which have been carried out under strict study protocols and which allow obtaining values for the analytical parameters in a direct instrumental manner.

Xavier Alfonso Cornes	Ramón Vila Bastos	Carlos Peleteiro Franco	Juan Jose Fernández Cores
Biomechanical Engineer	Degree in Medicine and Surgery	Physiotherapist	Chiropodist

Technical annex (detailed presentation of the minimalist index assessment)

sole parameters	**sole drop** 10/10 0,0 mm	**sole thickness** 10/10 8,0 mm	**toretoot angle** 10/10 null	**overall** 10/10
fit parameters	**toebox** 10/10 foot-shaped	**last** 10/10 medium-wide	**tastener** 10/10 shoestring	**overall** 10/10
mechanical parameters	**weight** 3,7/10 217 grams	**flexion** 10/10 (>360)º	**torsion** 10/10 (>360)º	**overall** 6,9/10
stability/control systems	**sole** 10/10 0 systems	**upper** 10/10 0 systems	**insole** 10/10 0 systems	**overall** 10/10

This certificate has been made with the reference of a shoe model size UE 37
The stability/control systems maintain their assessment for the other sizes.
The sole parameters may slightly vary its assessment in other sizes.
The fit parameters may slightly vary its assessment in other sizes.
The mechanical parameters may slightly vary its assessment in other sizes.
